Patient-Centered Medical Home Advantages:

- A team that gets to know you and your history to offer you your best health options through evidence based care.

- A team that treats you as a full partner in your care and explains all care options until you are comfortable.

- Coordinated care across different settings to connect all members of your team, including specialists and behavioral health providers.

- Assistance from Eligibility Staff to get health insurance or discounted costs with our Health Center's Sliding Fee Scale Program.

- Equal access to care for all patients regardless of the source of payment.

- Access to care or clinical advice at all hours, even when the office is closed.

- Education for you and your family members as needed to support your health care needs.

Our Scope of Services:

We are dedicated to helping you find the right health care. Choosing "PCP" is very important to your health care. Our Primary Care Providers (PCPs) and an extended team of health professionals build a relationship with you and your family focusing on your medical needs. If you are having trouble sticking with your care plan, we have self-management care support. This means; if you are sick or need medical care, you can achieve a team.

Who's on my team?

Your Medical Home "Care Team" provides assistance and support.

My Role in My Team

You are the most important member of your Medical Home Team. The more active you are in your health the more we can achieve as a team.
